* These tire sizes are the most common tire sizes used on Cobra Automobiles.

We offer tire shaving services to those that can run shaved tires in race groups.

The CR6ZZ DOT Race line of Avon Racing is the answer for customers running high performance cars that cant find a suitable tire for Street, Rally, Racing or Show.

The Avon CR6ZZ tires are high speed rated with a tread wear of 80 which offers superb tracking and handling for high performance use on race and street cars.

These tires are used on the following vehicles with great success: Cobra, Corvette, Mustang, Camaro, Ferrari, Porsche, Ford GT's, Pantera, Alfa Romeo, M.G, Lotus and more.

We can Hand Groove the CR6ZZ tires for greater grip in the wet and on gravel roads.
